Cover Note

The above data – information has been compiled and submitted by Bruce Snowfoot, a resident of 'Wandoona' Hostel at Ashfield in response to a call for suitable material for insertion in the April Issue of "PAC Chat'. This data is actually part of a rather long term and continuous project of military history, covering all major periods from the Romans onwards. It deals mainly with organisation – not how it was done, but who did it, how many and the result (if any) and deals with all opposing sides. It is very detailed and comprehensive.

Further information may be obtained by contacting the writer via our head office.
